

Section: Natural Environment [5]					
Topic: Areas Adjoining Special Ecological Areas (Category 1)					
Issue: General [GENERAL]					
Property Council of New Zealand (Bay of Plenty Branch)	491	132	O	It is not clear what adjacent means. Table 5.3A refers to activities within or adjoining an SEA, what does adjoining means. Should protection rules be required then the terminology could be better aligned and it should list and map the features and not require a buffer zone. If an area needs protecting, then protect it.	Amend the provision to ensure some clarity of understanding is provided.

Section: Natural Environment [5]					
Topic: Areas Adjoining Special Ecological Areas (Category 1)					
Issue: Network Utilities/Network Infrastructure [NETUTNETIN]					
Te Tumu Kaituna 11B2 Trust	522	15	O	Amend Table 5.3A: Activity Status Rules to: - Allow/enable the construction of new network infrastructure and new network utilities in the SEA Cat 1 and SEA Cat 2 areas as there is inadequate provisions for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A Status Rules to make: - the Construction of new network infrastructure and new network utilities within 5m of a SEA Cat 1 areas as a Permitted Activity.
Te Tumu Kaituna 14 Trust	521	20	O	Amend Table 5.3A: Activity Status Rules to: - Allow/enable the construction of new network infrastructure and new network utilities in the SEA Cat 1 and SEA Cat 2 areas as there is inadequate provisions for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A Status Rules to make: - the Construction of new network infrastructure and new network utilities within 5m of a SEA Cat 1 areas as a Permitted Activity.
Te Tumu Landowners Group	520	20	O	Amend Table 5.3A: Activity Status Rules to: - Allow/enable the construction of new network infrastructure and new network utilities in the SEA Cat 1 and SEA Cat 2 areas as there is inadequate provisions for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A Status Rules to make: - the Construction of new network infrastructure and new network utilities within 5m of a SEA Cat 1 areas as a Permitted Activity.
Ford Land Holdings Pty Limited	519	21	O	Amend Table 5.3A: Activity Status Rules to: - Allow/enable the construction of new network infrastructure and new network utilities in the SEA Cat 1 and SEA Cat 2 areas as there is inadequate provisions for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A Status Rules to make: - the Construction of new network infrastructure and new network utilities within 5m of a SEA Cat 1 areas as a Permitted Activity.
Te Tumu Kaituna 7B2 Trust	1073	34	O	Amend Table 5.3A: Activity Status Rules to: - Allow/enable the construction of new network infrastructure and new network utilities in the SEA Cat 1 and SEA Cat 2 areas as there is inadequate provisions for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A Status Rules to make: - the Construction of new network infrastructure and new network utilities within 5m of a SEA Cat 1 areas as a Permitted Activity.
Issue: Surf Clubs & Public Amenities [SURCLPUBAM]					
Te Tumu Kaituna 11B2 Trust	522	11	O	Amend Table 5.3A: Activity Status Rules to allow: - Surf Clubs and public amenities buildings to be provided within 5m of a SEA Cat 1 Area as a Restricted Discretionary Activity as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Surf Clubs and public amenities buildings within 5m of a SEA Cat 1 Area Restricted Discretionary Activities as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.
Te Tumu Kaituna 14 Trust	521	16	O	Amend Table 5.3A: Activity Status Rules to allow: - Surf Clubs and public amenities buildings to be provided within 5m of a SEA Cat 1 Area as a Restricted Discretionary Activity as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Surf Clubs and public amenities buildings within 5m of a SEA Cat 1 Area Restricted Discretionary Activities as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.
Te Tumu Landowners Group	520	16	O	Amend Table 5.3A: Activity Status Rules to allow: - Surf Clubs and public amenities buildings to be provided within 5m of a SEA Cat 1 Area as a Restricted Discretionary Activity as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Surf Clubs and public amenities buildings within 5m of a SEA Cat 1 Area Restricted Discretionary Activities as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.
Ford Land Holdings Pty Limited	519	17	O	Amend Table 5.3A: Activity Status Rules to allow: - Surf Clubs and public amenities buildings to be provided within 5m of a SEA Cat 1 Area as a Restricted Discretionary Activity as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Surf Clubs and public amenities buildings within 5m of a SEA Cat 1 Area Restricted Discretionary Activities as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.
Te Tumu Kaituna 7B2 Trust	1073	30	O	Amend Table 5.3A: Activity Status Rules to allow: - Surf Clubs and public amenities buildings to be provided within 5m of a SEA Cat 1 Area as a Restricted Discretionary Activity as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Surf Clubs and public amenities buildings within 5m of a SEA Cat 1 Area Restricted Discretionary Activities as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.
Issue: Table 5.3A - Activity Status - Erection of Structures in the Road Zone [TAB5.3AER]					
Department Of Conservation	848	6	O	Allowing structures as permitted activities on unformed roads as shown on the Planning Maps adjoining SEAs is considered inappropriate, as it does not accord appropriate protection to these significant areas. It is considered that consent should be required for any structures not consistent with the permitted activity rules in section 5.4 so that significant values of the SEAs can be recognised and protected.	Reclassify the erection of structures within the Road Zone adjacent to SEAs as at least Restricted Discretionary activity status. Alternatively, ensure that these activities are subject to Rule 5.4 - Permitted Activity Rules.

Topic: Chapter 5 - Natural Environment					
Issue: Purpose of the Natural Environment Provisions [5.1]					
Sandy Walker Group	490	1	S	Submitter agrees with the following Purposes, Objectives and Policies: - Purpose of the Natural Environment Provisions.	Agree with the following Purposes, Objectives and Policies: - Purpose of the Natural Environment Provisions
Te Tumu Kaituna 11B2 Trust	522	1	O	Amend 5.1 Purpose of the Natural Environment Provisions. Flexibility in defining and enhancing the SEA's in new urban growth areas is required.	Amend 5.1 Purpose of the Natural Environment Provisions by adding the following additional paragraph after paragraph 3: 'The Plan provides for the natural environment characteristics and examples that contribute to the City's natural environment to be maintained and enhanced, while recognising that natural character will change over time as the City grows and new urban areas are developed. Adjustment to the extent and/or enhancements of the SEA's will be subject to review when new urban areas are developed within identified Future Urban Zones.
Te Tumu Kaituna 14 Trust	521	6	O	Amend 5.1 Purpose of the Natural Environment Provisions. Flexibility in defining and enhancing the SEA's in new urban growth areas is required.	Amend 5.1 Purpose of the Natural Environment Provisions by adding the following additional paragraph after paragraph 3: 'The Plan provides for the natural environment characteristics and examples that contribute to the City's natural environment to be maintained and enhanced, while recognising that natural character will change over time as the City grows and new urban areas are developed. Adjustment to the extent and/or enhancements of the SEA's will be subject to review when new urban areas are developed within identified Future Urban Zones.
Te Tumu Landowners Group	520	6	O	Amend 5.1 Purpose of the Natural Environment Provisions. Flexibility in defining and enhancing the SEA's in new urban growth areas is required.	Amend 5.1 Purpose of the Natural Environment Provisions by adding the following additional paragraph after paragraph 3: 'The Plan provides for the natural environment characteristics and examples that contribute to the City's natural environment to be maintained and enhanced, while recognising that natural character will change over time as the City grows and new urban areas are developed. Adjustment to the extent and/or enhancements of the SEA's will be subject to review when new urban areas are developed within identified Future Urban Zones.
Ford Land Holdings Pty Limited	519	7	O	Amend 5.1 Purpose of the Natural Environment Provisions. Flexibility in defining and enhancing the SEA's in new urban growth areas is required.	Amend 5.1 Purpose of the Natural Environment Provisions by adding the following additional paragraph after paragraph 3: 'The Plan provides for the natural environment characteristics and examples that contribute to the City's natural environment to be maintained and enhanced, while recognising that natural character will change over time as the City grows and new urban areas are developed. Adjustment to the extent and/or enhancements of the SEA's will be subject to review when new urban areas are developed within identified Future Urban Zones.
Te Tumu Landowners Group	520	7	O	Amend 5.1.1 Purpose of the Special Ecological Area (Category 1) to clarify the applicability of this Objective.	Amend the last sentence of 5.1.1 Purpose of the SEA (Category 1) to read: It is prime importance that the 'ecological' factors, values and associations of these areas are protected.
Te Tumu Kaituna 7B2 Trust	1073	20	O	Amend 5.1 Purpose of the Natural Environment Provisions. Flexibility in defining and enhancing the SEA's in new urban growth areas is required.	Amend 5.1 Purpose of the Natural Environment Provisions by adding the following additional paragraph after paragraph 3: 'The Plan provides for the natural environment characteristics and examples that contribute to the City's natural environment to be maintained and enhanced.'
Issue: Purpose of the Special Ecological Area (Category 1) [5.1.1]					
Te Tumu Kaituna 11B2 Trust	522	2	O	Amend 5.1.1 Purpose of the Special Ecological Area (Category 1) to clarify the applicability of this Objective.	Amend the last sentence of 5.1.1 Purpose of the SEA (Category 1) to read: It is prime importance that the 'ecological' factors, values and associations of these areas are protected.
Department Of Conservation	848	3	SA	SEA's are not examples of indigenous fauna, as is currently worded, but can be examples of the habitats of indigenous fauna, which is included in the control of land under s.32 of the RMA.	Amend the first sentence of section 5.1.1 to 'examples of indigenous flora and/or habitat of indigenous fauna' to reflect the wording of s6c) and the identified values of the SEA's.
Te Tumu Kaituna 14 Trust	521	7	O	Amend 5.1.1 Purpose of the Special Ecological Area (Category 1) to clarify the applicability of this Objective.	Amend the last sentence of 5.1.1 Purpose of the SEA (Category 1) to read: It is prime importance that the 'ecological' factors, values and associations of these areas are protected.
Ford Land Holdings Pty Limited	519	8	O	Amend 5.1.1 Purpose of the Special Ecological Area (Category 1) to clarify the applicability of this Objective.	Amend the last sentence of 5.1.1 Purpose of the SEA (Category 1) to read: It is prime importance that the 'ecological' factors, values and associations of these areas are protected.
Te Tumu Kaituna 7B2 Trust	1073	21	O	Amend 5.1.1 Purpose of the Special Ecological Area (Category 1) to clarify the applicability of this Objective.	Amend the last sentence of 5.1.1 Purpose of the SEA (Category 1) to read: It is prime importance that the 'ecological' factors, values and associations of these areas are protected.
Issue: Purpose of the Special Ecological Area (Category 2) [5.1.2]					
Department Of Conservation	848	4	SA	SEA's are not examples of indigenous fauna, as is currently worded, but can be examples of the habitats of indigenous fauna, which is included in the control of land under s.32 of the RMA.	Amend the first sentence of section 5.1.2 to 'examples of indigenous flora and/or habitat of indigenous fauna' to reflect the wording of s6c) and the identified values of the SEA's.
Issue: Objective - Protection of Special Ecological Area (Category 1) [5.2.1.1]					
The Aggregate And Quarry Association Of New Zealand	167	24	O	Opposes in part the Objective. It is considered that the outcome sought by the objective and policies is to absolute and does not give consideration to situations where it may be appropriate to accept adverse effects on ecological features in order to enable the use and development of other resources such as aggregates.	That Objective 5.2.1.1 be amended: The factors, values and associations of the City's Category 1 SEA are identified and protected 'from inappropriate subdivision, use and development'
Powerco Limited	452	61	S	Retain Policy 5.2.1.1 without modification.	Retain Policy 5.2.1.1 without modification.
Transpower New Zealand Limited	383	71	S		Retain Policy 5.2.1.1 without modification.
Sandy Walker Group	490	83	S	Submitter agrees with the following Purposes, Objectives and Policies: - 5.2.1.1 Objective - Protection of Special Ecological Areas	Agree with the following Purposes, Objectives and Policies: - 5.2.1.1 Objective - Protection of Special Ecological Areas

Issue: Policy - Maintaining & Enhancing Special Ecological Areas (Category 2) [5.2.1.2.2]					
Te Tumu Kaituna 11B2 Trust	522	7	O	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) to address the provision of public amenity and access.	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) by adding: -' f) The provision of public amenity and access to land acquired by Council for reserve purposes.'
Te Tumu Kaituna 14 Trust	521	12	O	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) to address the provision of public amenity and access.	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) by adding: -' f) The provision of public amenity and access to land acquired by Council for reserve purposes.'
Te Tumu Landowners Group	520	12	O	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) to address the provision of public amenity and access.	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) by adding: -' f) The provision of public amenity and access to land acquired by Council for reserve purposes.'
Ford Land Holdings Pty Limited	519	13	O	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) to address the provision of public amenity and access.	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) by adding: -' f) The provision of public amenity and access to land acquired by Council for reserve purposes.'
Te Tumu Kaituna 7B2 Trust	1073	26	O	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) to address the provision of public amenity and access.	Amend 5.2.1.2.2 Policy - Maintaining and Enhancing Special Ecological Areas (Category 2) by adding: -' f) The provision of public amenity and access to land acquired by Council for reserve purposes.'
The Aggregate And Quarry Association Of New Zealand	167	27	O	Opposes in part this policy. It is recognised that the policy gives consideration to situations where it may be appropriate to accept adverse effects on SEA (Category 2) in order to enable the subdivision, use and development that is appropriate. In determining what is considered appropriate, Council is able to have regard for under clause e) the need for, or purpose of, the works. While the AQA supports the inclusion of this clause, it should be amended to clarify that Council will have regard to the benefits obtained from the works undertaken.	That the term 'inappropriate' be retained in Policy 5.2.1.2.2, and that the Policy be amended: e) Need for, purpose of, 'and benefit of' the works.
Powerco Limited	452	66	S	Retain Policy 5.2.1.2.2, and in particular matter (e), without modification.	Retain Policy 5.2.1.2.2, and in particular matter (e), without modification.
Transpower New Zealand Limited	383	76	S	Retain Policy 5.2.1.2.2, and in particular matter (e), without modification.	Retain Policy 5.2.1.2.2, and in particular matter (e), without modification.
Sandy Walker Group	490	87	S	Submitter agrees with the following Purposes, Objectives and Policies: - 5.2.1.2.2 Policy - Maintaining and enhancing SEA (Category 2)	Agree with the following Purposes, Objectives and Policies: - 5.2.1.2.2 Policy - Maintaining and enhancing SEA (Category 2)
Issue: Objective - Maintenance & Enhancement of Areas of Indigenous Vegetation [5.2.1.3]					
Sandy Walker Group	490	88	S	Submitter agrees with the following Purposes, Objectives and Policies: - 5.2.1.3 Objective - Maintenance and enhancement of areas of indigenous vegetation;	Agree with the following Purposes, Objectives and Policies: - 5.2.1.3 Objective - Maintenance and enhancement of areas of indigenous vegetation;
Issue: Policy - Maintaining & Enhancing Areas of Indigenous Vegetation [5.2.1.3.2]					
The Aggregate And Quarry Association Of New Zealand	167	28	O	Opposes in part as the Policy gives consideration to situations where it may be appropriate to accept adverse effects on indigenous vegetation in order to enable the subdivision, use and development that is appropriate. However, in maintaining and enhancing areas of indigenous vegetation, it is considered necessary to have regard to the need for, purpose and benefit obtained from the subdivision, use and development that is proposed.	That the term 'inappropriate' be retained, and the Policy be amended: ... c) The need for, purpose of, and benefit of the works.
Sandy Walker Group	490	89	S	Submitter agrees with the following Purposes, Objectives and Policies: - 5.2.1.3.2 Policy - Maintaining and enhancing areas of indigenous vegetation;	Agree with the following Purposes, Objectives and Policies: - 5.2.1.3.2 Policy - Maintaining and enhancing areas of indigenous vegetation;
Issue: Objective - Management of Access to and Within Special Ecological Areas [5.2.1.4]					
Te Tumu Kaituna 11B2 Trust	522	8	O	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas. This Objective requires Public Access to be provided to and within SEA's, however no mention is made that this is limited to public land only.	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas to read: Public access 'is provided' to and within Special Ecological Areas 'that are in public ownership or control.'
Te Tumu Kaituna 14 Trust	521	13	O	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas. This Objective requires Public Access to be provided to and within SEA's, however no mention is made that this is limited to public land only.	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas to read: Public access 'is provided' to and within Special Ecological Areas 'that are in public ownership or control.'
Te Tumu Landowners Group	520	13	O	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas. This Objective requires Public Access to be provided to and within SEA's, however no mention is made that this is limited to public land only.	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas to read: Public access 'is provided' to and within Special Ecological Areas 'that are in public ownership or control.'
Ford Land Holdings Pty Limited	519	14	O	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas. This Objective requires Public Access to be provided to and within SEA's, however no mention is made that this is limited to public land only.	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas to read: Public access 'is provided' to and within Special Ecological Areas 'that are in public ownership or control.'
Te Tumu Kaituna 7B2 Trust	1073	27	O	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas. This Objective requires Public Access to be provided to and within SEA's, however no mention is made that this is limited to public land only.	Amend 5.2.1.4 Objective - Management of Access to and within Special Ecological Areas to read: Public access 'is provided' to and within Special Ecological Areas 'that are in public ownership or control.'

This Objective requires public access be provided to and within SEA's, however no mention is made that this is limited to public land only.	Amend 5.2.1.4.1 Policy - Management of Access to and within Special Ecological Areas to read: By providing for public access, and associated recreational facilities to and within Special Ecological Areas 'that are in public ownership or control,' where that access does not adversely affect the health, viability or factors, values and associations of that area.
Issue: Objective - Maintenance of Existing Network Utilities [5.2.1.5]					
Powerco Limited	452	67	O	Amend Objective 5.2.1.5 to refer to the maintenance and 'minor upgrading' of existing network utilities. Consistent with the approach taken in other parts of this submission, it is considered that this provision should be amended to refer to the maintenance and minor upgrading of existing network utilities.	Amend Objective 5.2.1.5 to refer to the maintenance and 'minor upgrading' of existing network utilities.
Transpower New Zealand Limited	383	77	O	Amend Objective 5.2.1.5 to refer to the maintenance and 'minor upgrading' of existing network utilities. Consistent with the approach taken in other parts of this submission, it is considered that this provision should be amended to refer to the maintenance and minor upgrading of existing network utilities.	Amend Objective 5.2.1.5 to refer to the maintenance and 'minor upgrading' of existing network utilities.
Issue: Policy - Maintenance of Existing Network Utilities [5.2.1.5.1]					
Powerco Limited	452	68	O	Amend Policy 5.2.1.5.1 to refer to the maintenance and 'minor upgrading' of existing network utilities. Consistent with the approach taken in other parts of this submission, it is considered that this provision should be amended to refer to the maintenance and minor upgrading of existing network utilities.	Amend Policy 5.2.1.5.1 to refer to the maintenance and 'minor upgrading' of existing network utilities.
Transpower New Zealand Limited	383	78	O	Amend Policy 5.2.1.5.1 to refer to the maintenance and 'minor upgrading' of existing network utilities. Consistent with the approach taken in other parts of this submission, it is considered that this provision should be amended to refer to the maintenance and minor upgrading of existing network utilities.	Amend Policy 5.2.1.5.1 to refer to the maintenance and 'minor upgrading' of existing network utilities.
Issue: Objective - Reduction of Habitat Fragmentation & Isolation [5.2.1.6]					
Sandy Walker Group	490	90	S	Submitter agrees with the following Purposes, Objectives and Policies: - 5.2.1.6 Objective - Reduction of habitat fragmentation and isolation;	Agree with the following Purposes, Objectives and Policies: - 5.2.1.6 Objective - Reduction of habitat fragmentation and isolation;
Issue: Policy - Reduction of Habitat Fragmentation & Isolation [5.2.1.6.1]					
Environment Bay Of Plenty	760	17	SA	Policy 5.2.1.6.1 and associated Rule 5.4.1 are supported, however amendment is required to Policy 5.2.1.6.1 to provide appropriate guidance for ecological reinstatement and restoration, especially around harbour margins.	Add to Policy 5.2.1.6.1 the following: '(e) restore areas where ecological values can be enhanced.'
Sandy Walker Group	490	91	S	Submitter agrees with the following Purposes, Objectives and Policies: - 5.2.1.6.1 Policy - Reduction of habitat fragmentation and isolation	Agree with the following Purposes, Objectives and Policies: - 5.2.1.6.1 Policy - Reduction of habitat fragmentation and isolation
Issue: Policy - Migration of Natural Features [5.2.1.6.2]					
Sandy Walker Group	490	92	S	Submitter agrees with the following Purposes, Objectives and Policies: - 5.2.1.6.2 Policy - Migration of natural features.	Agree with the following Purposes, Objectives and Policies: - 5.2.1.6.2 Policy - Migration of natural features.
Issue: Rules in Other Sections of the Plan [5.4.2]					
Powerco Limited	452	71	O	Permitted Activity Rule 5.4.2 states that activities within or adjoining any Special Ecological Area shall also comply with other listed sections of the City Plan. The list reads as if an exhaustive list, which it isn't. There is a requirement to comply with all of the Chapters listed when in some cases, the provisions may not be relevant. The opening of this Section should be amended to require compliance with 'those relevant sections of the Plan.' Furthermore, reference to Chapter 10 should be deleted.	Amend the first sentence in Rule 5.4.2 - Rules in other Sections of the Plan by adding a requirement to comply with other rules in the City Plan. 'where relevant', and as including Chapter 10.
Transpower New Zealand Limited	383	81	O	Permitted Activity Rule 5.4.2 states that activities within or adjoining any Special Ecological Area shall also comply with other listed sections of the City Plan. The list reads as if an exhaustive list, which it isn't. There is a requirement to comply with all of the Chapters listed when in some cases, the provisions may not be relevant. The opening of this Section should be amended to require compliance with 'those relevant sections of the Plan.' Furthermore, reference to Chapter 10 should be deleted.	Amend the first sentence in Rule 5.4.2 - Rules in other Sections of the Plan by adding a requirement to comply with other rules in the City Plan. 'where relevant, and as including Chapter 10'.

Section: Natural Environment [5]					
Topic: Chapter 5 - Natural Environment					
Issue: Rule - Restricted Discretionary Activity - Standards & Terms [5.5.1]					
Tauranga City Council	492	55	SA	Rule 5.5.1 requires an assessment to be undertaken by a qualified ecologist for all activities, within or adjacent to a Special Ecological Area. This provision could however be made clearer by adding the words 'or adjacent to'.	Amend Rule 5.5.1 to: ..resource consent within 'or adjacent' to any Special Ecological Area.
Property Council of New Zealand (Bay of Plenty Branch)	491	133	O	Oppose. Not clear what a qualified ecologist is.	Further clarification required.
Issue: Rule - Restricted Discretionary Activities [5.5.2]					
Department Of Conservation	848	7	SA	Although the ecological restoration of areas of significant indigenous vegetation is supported, many SEA's are significant as habitat for these fauna values, and activities may have significant adverse effects on these values. The matters of discretion for restricted discretionary activities do not include adverse effects on indigenous fauna as a matter to be addressed.	Include 'adverse effects on indigenous fauna, including breeding and nesting, and the timing of works as a matter of discretion.
Environment Bay Of Plenty	760	18	SA	An ecological assessment at a site involves assessing the values of that site, it does not involve an assessment of the effects of an activity in itself. Activities adjacent to an SEA can have adverse effects on that SEA and need to be considered in that assessment of effects. An ecological assessment will not necessarily provide information about the effects of an activity on a site.	Amend 5.5.1(a) to read: 'For any application for resource consent within or adjacent to any Special Ecological Area, a qualified ecologist shall prepare an assessment of the effects of the proposed activity on the ecological values of that SEA.
Te Tumu Kaituna 11B2 Trust	522	20	O	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion. The general nature of Objectives and Policies does not represent a specific matter of discretion and does not provide appropriate guidance to the applicant or submitters as to Councils requirements.	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion, by deleting Item a).
Te Tumu Kaituna 14 Trust	521	25	O	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion. The general nature of Objectives and Policies does not represent a specific matter of discretion and does not provide appropriate guidance to the applicant or submitters as to Councils requirements.	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion, by deleting Item a).
Te Tumu Landowners Group	520	25	O	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion. The general nature of Objectives and Policies does not represent a specific matter of discretion and does not provide appropriate guidance to the applicant or submitters as to Councils requirements.	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion, by deleting Item a).
Ford Land Holdings Pty Limited	519	26	O	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion. The general nature of Objectives and Policies does not represent a specific matter of discretion and does not provide appropriate guidance to the applicant or submitters as to Councils requirements.	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion, by deleting Item a).
Te Tumu Kaituna 7B2 Trust	1073	39	O	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion. The general nature of Objectives and Policies does not represent a specific matter of discretion and does not provide appropriate guidance to the applicant or submitters as to Council's requirements.	Amend 5.5.2 Restricted Discretionary Activity - Matters of Discretion, by deleting Item a).
Issue: Rule - Notification [5.5.3]					
Property Council of New Zealand (Bay of Plenty Branch)	491	134	S	Support. The use of a specific non-notification clause is supported.	Retain provision.
Issue: Rule - Discretionary Activity Rules - Mining [5.6]					
The Aggregate And Quarry Association Of New Zealand	167	29	S	Mining is not provided for in Table 5.3A, and as such will be a Discretionary Activity under Rule 5.6(b). The discretionary activity status of mining in the Rule zone is supported, such that both the positive and negative effects can be duly considered.	The AQA seeks that the discretionary activity status of mining activities be retained.
Issue: Rule - Non Complying Activity Rules - Clearance of Vegetation [5.7]					
The Aggregate And Quarry Association Of New Zealand	167	30	O	The AQA opposes the activity status (non-complying) for the clearance of indigenous vegetation in Table 5.3A and Rule 5.7 and considers that an appropriate path needs to be provided for mining operations where the benefits of such activities can be rightfully and appropriately addressed.	That the clearance of indigenous flora be amended to be a discretionary activity, or objectives and policies recognising the benefits of mining activities and aggregates are introduced that can be taken account of in step two (Section 104D(b)) of the gateway test.
Issue: Appendix 5A - Elizabeth Wetlands [APPEN5AELI]					
Te Tumu Kaituna 14 Trust	521	27	O	Opposes the listing and extent of the SEA 37 - Elizabeth Wetlands. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 37 listing from both Appendix 5A and the corresponding City Plan maps - Nos R99 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions.
Te Tumu Landowners Group	520	27	O	Opposes the listing and extent of the SEA 37 - Elizabeth Wetlands. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 37 listing from both Appendix 5A and the corresponding City Plan maps - Nos R99 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions.
Ford Land Holdings Pty Limited	519	28	O	Opposes the listing and extent of the SEA 37 - Elizabeth Wetlands. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 37 listing from both Appendix 5A and the corresponding City Plan maps - Nos R99 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions.

Topic: Chapter 5 - Natural Environment					
Issue: Appendix 5A - Kaituna Sand Dunes & Wetlands [APPEN5AKAI]					
Carrus Corporation Limited	661	25	O	Oppose this listing as the assessments that this is based on are totally out of date and innacurate.	Delete until such time as a detailed ecological review is undertaken at the time of structure planning for the Future Urban Zone at te Tumu.
Te Tumu Kaituna 14 Trust	521	26	O	Opposes the listing and extent of the SEA 11 Kaituna Sand Dunes and Wetlands. The section 32 analysis, background assessments and reports used for ths listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 11 listing from both Appendix 5A and the corresponding City plan maps - Nos R75 and R99 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed with Te Tumu submissions. Note: The Map No R97 reference is incorrect and should be Map No R75. Map R100 should also be added to this reference.
Te Tumu Landowners Group	520	26	O	Opposes the listing and extent of the SEA 11 Kaituna Sand Dunes and Wetlands. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 11 listing from both Appendix 5A and the corresponding City Plan maps - Nos R75 and R99 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed with Te Tumu submissions. Note: The Map No R97 reference is incorrect and should be Map No R75. Map R100 should also be added to this reference.
Ford Land Holdings Pty Limited	519	27	O	Opposes the listing and extent of the SEA 11 Kaituna Sand Dunes and Wetlands. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 11 listing from both Appendix 5A and the corresponding City Plan maps - Nos R75 and R99 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions. Note: The Map No R97 reference is incorrect and should be Map No R75. Map R100 should also be added to this reference.
Department Of Conservation	848	36	U	The Plan Map reference for SEA Number 11 is given incorrectly as R97.	Correct this by amending the Plan Maps Reference to map R75.
Te Tumu Kaituna 7B2 Trust	1073	40	O	Opposes the listing and extent of the SEA 11 - Kaituna Sand Dunes and Wetlands. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 11 listing from both Appendix 5A and the corresponding City Plan maps - Nos R75 and R99 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions. We invite more interaction between all parties including the Trustees of TTK7B2. Delete the Te Tumu part of SEA 35 listing from both Appendix 5A and the corresponding City Plan maps - Nos R100 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions.
Issue: Appendix 5A - Mangatawa SEA 24 [APPEN5AMAN]					
Department Of Conservation	848	35	O	While the majority of the Mangatawa Special Ecological Areas is accurately defined on the Plan Maps, an area of searush-oioi tussockland at the north-western extent of the SEA, between the two sewerage ponds, has not been identified in the Plan Maps. This area is Category 2, SEA and provides habitat for the at risk indigenous species banded rail and north island fernbird. Identification of this area in the Plan Maps will ensure that the habitat provided for endangered indigenous species will be recognised.	Include full extent of SEA 24 on Plan Map 37.
Issue: Appendix 54 - SEA Register [APPEND54]					
Tauranga City Council	492	149	SA	The Special Ecological Areas identified in the Planning Maps cross over into the Coastal Marine Area, which is the jurisdiction of The Bay of Plenty Regional Council. Because of this, there is a need to add an additional statement within the existing note provided above the SEA Register.	Amend the existing note to: 'The Tauranga City Council's jurisdiction only applies to those areas above Mean High Water Springs as indicatively identified on the Plan Maps Part B. Areas below Mean High Water Springs are shown for integrated management purposes'.
Issue: Water Catchment Zone - Oropi [OROPIWCZ]					
Long, Carole	605	2	O	That Council establish management goals to improve the conservation values of the water catchment zone adjacent to Mountain Road, Oropi, including pest control. The adjacent DOC land in Otanewainuku forest had pest control provided by volunteers for the past seven years and this effort should be supported by Council. A substantial buffer zone of pest control in the water catchment zone would be a good start.	That Council establish management goals to improve the conservation values of the water catchment zone adjacent to Mountain Road, Oropi, including pest control and buffer zone.
Issue: Poike - Special Ecological Area 5 [POIKESPEC]					
Department Of Conservation	848	34	O	While the seaward extent of the Poike SEA is accurately defined on the Plan Maps, the freshwater wetland inland of SH 29 has not been adequately identified in the Plan. This area has been identified as being of Regional Significance. DoC submits that Council is required to recognise and provide for the protection of areas of significant indigenous vegetation and significant habitats of indigenous fauna as a matter of National importance. Councils decision to not provide for SEA's over residential zoned land is not supported, as the opportunity for the review of unimplemented zoning in Plans is given every 10 years, and zoning does not create any existing use rights over land. DoC considers that identifying this areas as an SEA does not preclude appropriate development, but will allow the significant natural values of this site be taken into account if use, development or subdivision is proposed under this Plan for this site.	Include full extent of SEA 5 identified in Wildlands (2009) on the Plan Maps to accord these significant environments protection consistent with section 6(c) of the Act.
Environment Bay Of Plenty	760	51	O	The value of SEA 5 will be compromised if the land zoned residential is able to be subdivided and developed for residential purposes.	Amend the zoning for that portion of land within proposed SEA5 that is within the Residential zone to be within the Conservation zone or similar.

Submitter	Sub Id	Sub Point	Posn	Summary	Decision Requested
Section: Natural Environment [5]					
Topic: Chapter 5 - Natural Environment					
Issue: Provisions of Chapter 5 - Natural Environment [PROVCHAP]					
Tourism Bay Of Plenty	455	1	S	Support Chapter 5 in its entirety. The inclusion of protection for the landscape and natural environment. The natural character of the coastal environment is a major attraction for visitors to the Bay of Plenty. The protection of landscapes and the natural environment is essential in promoting the Bay of Plenty as a tourist destination.	Retain the proposed objectives, policies and rules within Chapter 5.
Hart, Richard	873	6	S	Support Chapter 5 in its entirety and all the items listed in the register of Special Ecological Areas.	Support Chapter 5 in its entirety and all the items listed in the register of Special Ecological Areas.
SmartGrowth Implementation Management Group	357	9	S	Supports the policy framework provided in the Natural Environment chapter as it aligns with the SmartGrowth vision to maintain and improve the natural and cultural environment.	Retain Policy Framework.
Kahotea, Des	745	19	S	Support themes of this section.	Support themes of this section.
Carrus Corporation Limited	661	24	SA	Throughout the chapter is needs to be acknowledged that it is also includes future and new urban growth areas and besides protection, enhancement of these areas.	Amend to acknowledge future and new urban growth areas and besides protection, enhancement of these areas.
Property Council of New Zealand (Bay of Plenty Branch)	491	131	SA	The Property Council generally supports the conservation of the high quality natural features. On the basis that the rules implement their conservation, and identification of the Category 1 and 2 sites has been sufficiently robust. Also any mapping of these features needs to ensure accuracy.	Provide some certainty that conservation rather than preservation is promoted and that mapping and definition is accurate.
Issue: Purpose, Objectives & Policies [PUROBJPOL]					
Department Of Conservation	848	2	S	Except where specific submission points raise issues with these provisions, the policies and objectives of Chapter 5 are supported as providing an appropriate planning framework for the Natural Environment.	Retain the intent of these provisions.
Te Tumu Kaituna 11B2 Trust	522	3	O	It is premature to identify Category 1 and 2 Special Ecological Areas in the Te Tumu and other Future Urban Zone areas until appropriate investigations, assessments and verifications have been carried out. Insert a new Objective identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future rezoning of a Future Urban Zone.	Insert a new 'Objective 5.2.1.3 - Identification of Special Ecological in Future Urban Zones: The factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone are identified at the time of structure planning for re-zoning.' Consequently renumber the other Objectives and Policies as a result of this new objective.
Te Tumu Kaituna 11B2 Trust	522	4	O	Insert a new Policy identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future re-zoning of a Future Urban Zone.	Insert a new 'Policy 5.2.1.3.1 - Identificaiton of Special Ecological Areas in Future Urban Zones: By identifying the factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone at the time of structure planning for re-zoning, through investigation, assessment and verification having regard to the relevant criteria in Policy 5.2.1.1.1 - Identifying Special Ecological Areas'. Consequently renumber the other Objectives and Policies as a result of this new Policy.
Te Tumu Kaituna 11B2 Trust	522	5	O	Insert a new Policy identifying the need for the protection of Special Ecological Areas at the time of structure planning for any future re-zoning of a Future Urban Zone following a comprehensive investigation, assessment and verification process.	Insert a new 'Policy 5.2.1.3.2 - Protection of Special Ecological Areas in Future Urban Zones: By providing for protection of the factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone, at the time of structure planning for re-zoning, from the adverse effects of subdivision, use and development by having regard to those criteria in Policy 5.2.1.1.2 - Protection of Special Ecological Areas (Category 1) and Policy 5.2.1.2.2 - Maintaining and Enhancing Special Ecological Areas (Category 2). Consequently renumber the other Objectives and Policies as a result of this new Policy.
Te Tumu Kaituna 14 Trust	521	8	O	It is premature to identify Category 1 and 2 Special Ecological Areas in the Te Tumu and other Future Urban Zone areas until appropriate investigations, assessments and verifications have been carried out. Insert a new Objective identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future rezoning of a Future Urban Zone.	Insert a new 'Objective 5.2.1.3 - Identification of Special Ecological Areas in Future Urban Zones: The factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone are identified at the time of structure planning for re-zoning.' Consequently renumber the other Objectives and Policies as a result of this new objective.
Te Tumu Landowners Group	520	8	O	It is premature to identify Category 1 and 2 Special Ecological Areas in the Te Tumu and other Future Urban Zone areas until appropriate investigations, assessments and verifications have been carried out. Insert a new Objective identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future rezoning of a Future Urban Zone.	Insert a new 'Objective 5.2.1.3 - Identification of Special Ecological Areas in Future Urban Zones: The factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone are identified at the time of structure planning for re-zoning.' Consequently renumber the other Objectives and Policies as a result of this new objective.
Ford Land Holdings Pty Limited	519	9	O	It is premature to identify Category 1 and 2 Special Ecological Areas in the Te Tumu and other Future Urban Zone areas until appropriate investigations, assessments and verifications have been carried out. Insert a new Objective identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future rezoning of a Future Urban Zone.	Insert a new 'Objective 5.2.1.3 - Identification of Special Ecological Areas in Future Urban Zones: The factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone are identified at the time of structure planning for re-zoning.' Consequently renumber the other Objectives and Policies as a result of this new objective.
Te Tumu Kaituna 14 Trust	521	9	O	Insert a new Policy identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future re-zoning of a Future Urban Zone.	Insert a new 'Policy 5.2.1.3.1 - Identification of Special Ecological Areas in Future Urban Zones: By identifying the factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone at the time of structure planning for re-zoning, through investigation, assessment and verification having regard to the relevant criteria in Policy 5.2.1.1.1 - Identifying Special Ecological Areas'. Consequently renumber the other Objectives and Policies as a result of this new Policy.
Te Tumu Landowners Group	520	9	O	Insert a new Policy identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future re-zoning of a Future Urban Zone.	Insert a new 'Policy 5.2.1.3.1 - Identification of Special Ecological Areas in Future Urban Zones: By identifying the factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone at the time of structure planning for re-zoning, through investigation, assessment and verification having regard to the relevant criteria in Policy 5.2.1.1.1 - Identifying Special Ecological Areas'. Consequently renumber the other Objectives and Policies as a result of this new Policy.
Ford Land Holdings Pty Limited	519	10	O	Insert a new Policy identifying the need for a comprehensive investigation, assessment and verification of Category 1 and 2 Special Ecological Areas at the time of structure planning for any future re-zoning of a Future Urban Zone.	Insert a new 'Policy 5.2.1.3.1 - Identification of Special Ecological Areas in Future Urban Zones: By identifying the factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone at the time of structure planning for re-zoning, through investigation, assessment and verification having regard to the relevant criteria in Policy 5.2.1.1.1 - Identifying Special Ecological Areas'. Consequently renumber the other Objectives and Policies as a result of this new Policy.

Consequently renumber the other Objectives and Policies as a result of this new Policy.
Te Tumu Kaituna 7B2 Trust	1073	24	O	Insert a new Policy identifying the need for the protection of Special Ecological Areas at the time of structure planning for any future re-zoning.	Insert a new 'Policy 5.2.1.3.2 - Protection of Special Ecological Areas in Future Urban Zones: By providing for protection of the factors, values and associations that define Category 1 and 2 Special Ecological Areas in a Future Urban Zone, at the time of structure planning for re-zoning, from the adverse effects of subdivision, use and development by having regard to those criteria in Policy 5.2.1.1.2 - Protection of Special Ecological Areas (Category 1) and Policy 5.2.1.2.2 - Maintaining and Enhancing Special Ecological Areas (Category 2). Consequently renumber the other Objectives and Policies as a result of this new Policy.
Issue: Regional Park at Te Tumu [REGPARKTT]					
BOP Regional Parks Establishment Group	742	2	SA	Support this Chapter and justification of.	Add text indicating intent for Regional Park at Te Tumu.
Hart, Richard	873	7	SA	Supports Chapter 5, and as a subset of this Chapter supports the gradual establishment of a strategic network of regional (and subregional) parks which function in part to protect the natural environment in the lower Kaituna-Maketua locality.	Support Chapter 5, however add intention clause to form a major park at Te Tumu as a natural park.
Issue: Section 32 Analysis [SECT32ANA]					
Te Tumu Kaituna 11B2 Trust	522	24	O	The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Carry out new baseline ecological peer review of the Te Tumu area addressing the deficiencies noted in this submission.
Te Tumu Kaituna 14 Trust	521	34	O	The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Carry out new baseline ecological peer review of the Te Tumu area addressing the deficiencies noted in this submission.
Te Tumu Landowners Group	520	34	O	The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Carry out new baseline ecological peer review of the Te Tumu area addressing the deficiencies noted in this submission.
Ford Land Holdings Pty Limited	519	35	O	The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Carry out new baseline ecological peer review of the Te Tumu area addressing the deficiencies noted in this submission.
Te Tumu Kaituna 7B2 Trust	1073	43	O	The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Carry out new baseline ecological peer review of the Te Tumu area addressing the deficiencies noted in this submission.
Issue: Table 5.3A - Activity Status - Erection of Structures in the Road Zone [TAB5.3AER]					
Department Of Conservation	848	5	O	Allowing structures as permitted activities on unformed roads as shown on the Planning Maps within SEA is considered inappropriate, as it does not accord appropriate protection to these significant areas. It is considered that consent should be required for any structures not consistent with the permitted activity rules in section 5.4 so that significant values of the SEAs can be recognised and protected.	Reclassify the erection of structures within the Road Zone within SEAs as at least Restricted Discretionary activity status. Alternatively, ensure that these activities are subject to Rule 5.4 - Permitted Activity Rules.
Issue: Table 5.3A - Status of Activities - Maintenance of Existing Network Utilities [TAB5.3AMAI]					
Powerco Limited	452	69	O	Amend the provision in Activity Table 5.3A to permit the maintenance 'and minor upgrading' of existing network utilities, and delete the requirement to comply with Rule 5.4.2 - Rules in other sections of the Plan.	Amend the provision in Activity Table 5.3A to permit the maintenance 'and minor upgrading' of existing network utilities, and delete the requirement to comply with Rule 5.4.2 - Rules in other sections of the Plan.
Transpower New Zealand Limited	383	79	O	Amend the provision in Activity Table 5.3A to permit the maintenance 'and minor upgrading' of existing network utilities, and delete the requirement to comply with Rule 5.4.2 - Rules in other sections of the Plan.	Amend the provision in Activity Table 5.3A to permit the maintenance 'and minor upgrading' of existing network utilities, and delete the requirement to comply with Rule 5.4.2 - Rules in other sections of the Plan.

Topic: Chapter 5 - Natural Environment					
Issue: Table 5.3A - Status for Activities - Trimming & Pruning of Vegetation [TAB5.3AVEG]					
Powerco Limited	452	70	S	Retain the provision in Activity Table 5.3A which permits the trimming and pruning of vegetation necessary to protect electrical lines required to meet the Electricity (Hazards from Trees) Regulations 2003, and not subject to any relevant rules in the Chapter.	Retain the provision in Activity Table 5.3A which permits the trimming and pruning of vegetation necessary to protect electrical lines required to meet the Electricity (Hazards from Trees) Regulations 2003, and not subject to any relevant rules in the Chapter.
Transpower New Zealand Limited	383	80	S	Retain the provision in Activity Table 5.3A which permits the trimming and pruning of vegetation necessary to protect electrical lines required to meet the Electricity (Hazards from Trees) Regulations 2003, and not subject to any relevant rules in the Chapter.	Retain the provision in Activity Table 5.3A which permits the trimming and pruning of vegetation necessary to protect electrical lines required to meet the Electricity (Hazards from Trees) Regulations 2003, and not subject to any relevant rules in the Chapter.
Topic: Special Ecological Area (Category 1 & 2)					
Issue: Appendix 5A - Special Ecological Area (SEA) Register - Shark Alley to Kaituna Spit Sand Dunes [APPEND5ASH]					
Te Tumu Kaituna 11B2 Trust	522	21	O	Opposes the listing and extent of the SEA 35 - Shark Alley to Kaituna Spit Sand Dunes on the Te Tumu land holdings. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the SEA 35 listing from both Appendix 5A and the corresponding City Plan maps - Nos R75 and R99, pending a baseline ecological peer review of this area addressing the deficiencies noted in the submission.
Te Tumu Kaituna 14 Trust	521	28	O	Opposes the listing and extent of the SEA 35 - Shark Alley to Kaituna Spit Sand Dunes on the Te Tumu land holdings. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the Te Tumu part of SEA 35 listing from both Appendix 5A and the corresponding City plan maps - Nos R100 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions.
Te Tumu Landowners Group	520	28	O	Opposes the listing and extent of the SEA 35 - Shark Alley to Kaituna Spit Sand Dunes on the Te Tumu land holdings. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the Te Tumu part of SEA 35 listing from both Appendix 5A and the corresponding City Plan maps - Nos R100 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions.
Ford Land Holdings Pty Limited	519	29	O	Opposes the listing and extent of the SEA 35 - Shark Alley to Kaituna Spit Sand Dunes on the Te Tumu land holdings. The section 32 analysis, background assessments and reports used for this listing are out of date, inaccurate and inadequate. Additionally there is insufficient fauna assessment carried out.	Delete the Te Tumu part of SEA 35 listing from both Appendix 5A and the corresponding City Plan maps - Nos R100 and carry out detailed ecological review of Te Tumu at the time Structure Planning for this Future Urban Area is carried out in accordance with new Objective 5.2.1.3 and associated new Policies 5.2.1.3.1 and 5.2.1.3.2 detailed within Te Tumu submissions.
Topic: Special Ecological Areas (Category 1)					
Issue: 15 Coach Drive [15COACHDR]					
Bailey, Cathy & Jones, Don	473	1	O	Opposes the proposed zoning of boundaries in that the three different setbacks encroach on the corner of an existing dwelling and restrict redevelopment opportunities.	Align the boundaries of the conservation and SEA zones and relocate a small portion of boundary so that redevelopment of the dwelling within the existing footprint is not restricted.
Issue: Appendix 5A - Special Ecological Area (SEA) Register - Shark Alley to Kaituna Spit Sand Dunes [APPEND5ASH]					
Frasers Papamoa Limited	829	19	O	Oppose SEA over land owned by Fraser Papamoa Land - 'Coast' as identified on Plan Map 27.	The area be deleted and Map 27 be amended to delete this to align with the Residential Zone boundary of Pacific Shores.
Issue: Camping Grounds [CAMPGROUND]					
Te Tumu Kaituna 11B2 Trust	522	17	O	Amend Table 5.3A: Activity Status Rules to allow camping grounds to be provided in the SEA Cat 1 area as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - camping grounds in SEA Cat 1 areas as a Restricted Discretionary Activity.
Te Tumu Kaituna 14 Trust	521	22	O	Amend Table 5.3A: Activity Status Rules to allow camping grounds to be provided in the SEA Cat 1 area as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Camping grounds in SEA Cat 1 areas as a Restricted Discretionary Activity.
Te Tumu Landowners Group	520	22	O	Amend Table 5.3A: Activity Status Rules to allow camping grounds to be provided in the SEA Cat 1 area as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Camping grounds in SEA Cat 1 areas as a Restricted Discretionary Activity.
Ford Land Holdings Pty Limited	519	23	O	Amend Table 5.3A: Activity Status Rules to allow camping grounds to be provided in the SEA Cat 1 area as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Camping grounds in SEA Cat 1 areas as a Restricted Discretionary Activity.
Te Tumu Kaituna 7B2 Trust	1073	36	O	Amend Table 5.3A: Activity Status Rules to allow camping grounds to be provided in the SEA Cat 1 area as there is inadequate provision for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A: Activity Status Rules to make: - Camping grounds in SEA Cat 1 areas as a Restricted Discretionary Activity.
Issue: General - Identification and Protection of Special Ecological Areas [GENIDPR]					
Corban, Mr G G	978	2	O	Since 1960's owners have been harrassed by Council trying to annex, control use/abuse and generally interfere with our land. This land is still in its natural state thanks to owner's continued guardianship over it. Therefore we will not accept any further intrusions, interference, restrictions or reserve extensions on 202 Levers Road as the submitter sees the present controls/restrictions are already more than adequate.	Retain existing rules
Gower, Dianne	690	2	U	The Category 1 SEA is along the beachfront of 6 Pacific View Road. The new rules (10m setback) would make development on the new title almost impossible.	Council could place a covenant over the title of all landowners near the dunes prescribing the activities those fronting reserves and dunes may not engage in on the dunes: The Council could institute an annual inspection. An initial inspection would show how very unspecial the dunes are currently. Perhaps protection could be gained when encroachment of the dunes is penalised by fines or a demand to replant. Alternatively, Council could consider incentives for those who clean up the dunes; Council could then refrain from encroaching either 5 or 10m onto private owners land rights. Fairness would be restored; It would be good to show off NZ's glorious beach and flora. I do not see a setback as achieving this result.

Submitter	Sub Id	Sub Point	Posn	Summary	Decision Requested
Section: Natural Environment [5]					
Topic: Special Ecological Areas (Category 1)					
Issue: General - Identification and Protection of Special Ecological Areas [GENIDPR]					
Sandy Walker Group	490	2	S	Agree to protection of all identified Special Ecological Areas (Category 1), especially along the open coast, wetlands, rivers and streams.	Our natural ecology is both beautiful and necessary. Dune vegetation and ecology protects against coastal erosion and tsunamis. Tree roots hold banks and retain versatile soils, as well as providing aesthetic value and shade. Shading of streams and waterways enhances water quality, promoting clearness and sparkle, and the health of kaimoana. Natural Flora and fauna and both indigenous and exotic should be valued, protected and enhanced.
Marshall, Maxwell	538	4	U	The protection of identified Special Ecological Areas is needed. Our natural ecology is unique and vital, contributing to the health of the natural environment. The submitter states that the proposed plans will affect this adversely: - Through loss of scenic appeal; - Create a heightened sense of the incongruity of a man-made environment on a natural environment; - The difficulty and cost in restoring an environment; public and natural environment being lost to private property; - The shifting baseline syndrome.	Not Stated
McNaughton, Connor	554	4	S	Support protection of identified Special Ecological Areas, especially along the open coast Mauao to Kaituna, plus beside streams and waterways.	Support protection of identified Special Ecological Areas
Mount Maunganui Environmental Group Ltd	633	4	S	Supports the protection and promotion of special ecological areas.	Requests Council to formally identify and recognise these areas.

Issue: Appendix 5A - Special Ecological Area (SEA) Register - Shark Alley to Kaituna Spit Sand Dunes [APPEND5ASH]					
Papamoa Surf Club & Others	811	2	O	SEA 35 creates an unnecessary consenting hurdle for new development proposals for the surf club.	Delete SEA 35 or establish a sensible arbitrary line further seaward.
Papamoa Top Ten Holiday Resort	798	2	O	Oppose the extent of the SEA # 35 identified on Part B Plan Maps R48 between the camping ground and beach. The Conservation Zone limits activities within the foredune area managed by Dune Care Programme.	Remove the SEA feature annotation 35 between Top 10 Holiday Park lease area and the beach.
Papamoa Top Ten Holiday Resort	798	26	O	SEA 35 should not encroach onto Papamoa Top 10 Holiday Resort lease area. Conservation zone and/or subzone A restrictions already apply.	Delete SEA 35 as it relates to land leased by Papamoa Top 10 Holiday Resort.

Amend Table 5.3A: Activity Status Rules to make: - Camping grounds within SEA Cat 2 areas a Restricted Discretionary Activity.
Issue: General - Identification and Protection of Special Ecological Areas [GENIDPR]					
Gower, Dianne	690	1	U	The submitter identifies that the Category 2 SEA Cat 1 runs along the eastern edge of 357 Oceanbeach Road. The submitter states that there is presently a dwelling and garage existing on site, and any subsequent building may have the same footprint as the buildings now occupy. If this is the case that setback does not affect plans for this site.	Council could place a covenant over the title of all landowners near the dunes prescribing the activities those fronting reserves and dunes may not engage in on the dunes; The Council could institute an annual inspection. An initial inspection would show how very unspecial the dunes are currently. Perhaps protection could be gained when encroachment of the dunes is penalised by fines or a demand to replant. Alternatively, Council could consider incentives for those who clean up the dunes; Council could then refrain from encroaching either 5 or 10m onto private owners land rights. Fairness would be restored; It would be good to show off NZ's glorious beach and flora. I do not see a setback as achieving this result.
Powdrell, Jennifer	636	1	S	Submitter supports the removal of the C2 SEA overlay as it related to 22 Taylor Road, Papamoa from where it was shown on the Draft Plan Map.	Retain C2 SEA overlay outside of 22 Taylor Road
Sandy Walker Group	490	3	S	Agree to protection of all identified Special Ecological Areas (Category 2) especially along the open coast, wetlands, rivers and streams.	Our natural ecology is both beautiful and necessary. Dune vegetation and ecology protects against coastal erosion and tsunamis. Tree roots hold banks and retain versatile soils, as well as providing aesthetic value and shade. Shading of streams and waterways enhances water quality, promoting clearness and sparkle, and the health of kaimoana. Natural flora and fauna both indigenous and exotic should be valued, protected and enhanced.
Marshall, Maxwell	538	5	U	The protection of identified Special Ecological Areas is needed. Our natural ecology is unique and vital, contributing to the health of the natural environment. The submitter states that the proposed plans will affect this adversely: - Through loss of scenic appeal; - Create a heightened sense of the incongruity of a man-made environment on a natural environment; - The difficulty and cost in restoring an environment; public and natural environment being lost to private property; - The shifting baseline syndrome.	Not Stated.

Amend Table 5.3A Status Rules to make: - The construction of new network infrastructure and new network utilities in the SEA Cat 2 areas as a Restricted Discretionary Activity.
Ford Land Holdings Pty Limited	519	22	O	Amend Table 5.3A: Activity Status Rules to: - Allow/enable the construction of new network infrastructure and new network utilities in the SEA Cat 1 and SEA Cat 2 areas as there is inadequate provisions for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A Status Rules to make: - The construction of new network infrastructure and new network utilities in the SEA Cat 2 areas as a Restricted Discretionary Activity.
Te Tumu Kaituna 7B2 Trust	1073	35	O	SEA Cat 2 areas as there is inadequate provisions for activities, facilities and buildings that enable public interaction with (and within) the natural environment.	Amend Table 5.3A Status Rules to make: - The construction of new network infrastructure and new network utilities in the SEA Cat 2 areas as a Restricted Discretionary Activity.
Issue: Ngapeke Road [NGAPEKERD]					
Spearman, Richard	746	1	O	Part of 49 Ngapeke Road forms part of a Ngapeke SEA 2 Area. With the exception of a very small portion of unfenced land in the SW corner of the property the Category 2 SEA appears to be incorrect. The remainder of the land is fenced and contains predominantly pasture grass with a mixture of blackberry, gorse, toi toi and wattles. There also does not appear to be any Banded Rail or North Island Fernbird present. The assessment from Wildlands also appears to be out of context and based on a previous habitat. The continuing infestation of mangroves in the harbour area is of great concern around Ngapeke Road and the owner does not wish to see the ecological status of the land change overtime as a result of unmanaged mangroves. The proposed setback provisions will have potential to further limit the land use options if the mangroves are not managed.	Would like to know if there is scope for the size of the Category 2 SEA on 49 Asher Road to be modified as part of the plan review.
Issue: Setbacks [SETBACKS]					
Dillon, Mary	709	9	O	Generally supports the plan proposals for Chapter 5 but there should be a building setback for SEA 2 of at least 5m even if the area is on private land.	Insert a minimum of a 5m building setback around SEA2.
